

Dr Bruno Dillemans

Dr. Bruno Dillemans is the director of the Center of Obesity Surgery at the AZ Sint - Jan Hospital in Bruges (Belgium). He performed already more than 20.000 successful bariatric and metabolic surgeries. Surgeons from all over the world are visiting his Center to learn all the tips and tricks to improve the outcome . His Center of Obesity Surgery is a referral center for Gastric Bypasses and revisional bariatric surgery for patients coming from all over the world. The technology of the Gastric Bypass was fully standardized by Dr. Dillemans, what shortens the duration of hospitalization and the chance of complications. He is also the founder of BARIAlink (Linking International Experts on Bariatric Surgery). It's a web based participation network where surgeons from the globe can share and discuss difficult bariatric cases.
